

**We are excited to announce, that we have moved to a new location.**

Dear Customers

The last two months have been turbulent and eventful. We moved into a bigger building. Now the biggest moving stress is over and we have started work in our new facilities.

We moved into the Kubex18 building.

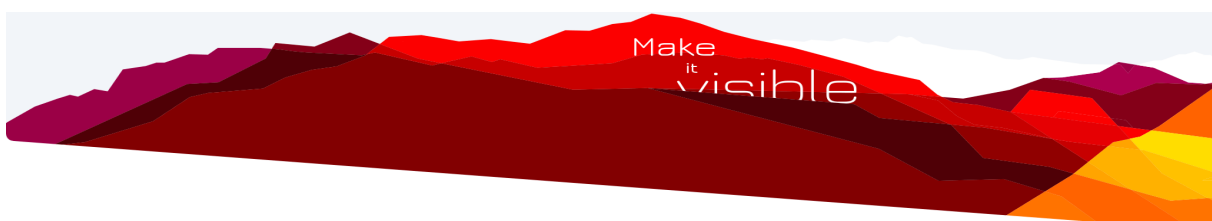

The base area is 85m x 33m on 5 levels with a production area of 12'500 square meters.

We are located 1 hour from Zurich airport.
